

# *Table of Contents*

	<i>Page</i>
<b>Preface</b>	<b>ii</b>
<b>1. Introduction</b>	<b>1</b>
<b>2. How To Use The ArcGIS 10.2 Software User Interface</b>	<b>4</b>
<b>3. Exercise One: Creating A Raster Data Layer Of Water Depth</b>	<b>6</b>
<b>4. Exercise Two: Deriving Additional Topographic Raster Data Layers From Water Depth</b>	<b>25</b>
<b>5. Exercise Three: Using Zonal Statistics To Calculate Regional Occupancy Rates For A Species</b>	<b>49</b>
<b>6. Exercise Four: Linking And Comparing Data From An Environmental Raster Data Layer To Species Locational Records</b>	<b>71</b>
<b>7. Exercise Five: Linking Data From Environmental Raster Data Layers To A Polygon Grid Of Species Abundance Per Unit Survey Effort</b>	<b>87</b>
